Past > Present > Future

Introduction

God's commandments are not to be trifled with. God says what He means. In the New Testament/Second Testament, God is just as serious about His commandments as He was before. Just because immediate death does not cease upon those who are disobedient, does not mean that He is any less particular. Death is still the punishment of sin. (Romans 6:23 "For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord.) We should be examining ourselves to be diligent to obey the commandments of God, lest we offer strange fire.

In fact, the reason why Aaron's sons made this poor decision was because they were intoxicated with wine. Hence the command: "And the Lord spake unto Aaron, saying, Do not drink wine nor strong drink, thou, nor thy sons with thee, when ye go into the tabernacle of the congregation, lest ye die: it shall be a statute for ever throughout your generations:" Leviticus 10:8-9

Introduction (cont'd)

In the same way that Christians of today disobey the Lord; for they are intoxicated, drunk, and blinded from drinking wine, which symbolizes false doctrine (Jeremiah 51:7 "Babylon hath been a golden cup in the Lord's hand, that made all the earth drunken: the nations have drunken of her wine; therefore the nations are mad."; Revelation 14:8 "Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication."), which makes them offer strange fire to God. What is our modern day strange fire? Sunday Worship. To go against the direct commandment of God and sanctify, honor, and exalt a different day of our choosing, a day of tradition, a day of the Sun; offers strange fire to God. It is strange because God never commanded it. Just like God never commanded Nadab and Abihu to use common fire. In the exact same way, the first day of the week is a common working day. It is not sanctified, holy, or sacred. No where in the Bible does God command this. Yet, the Christian world over offers this corrupted and common offering as a means of worship.

STRANGE FIRE Don't mess with Yahweh.

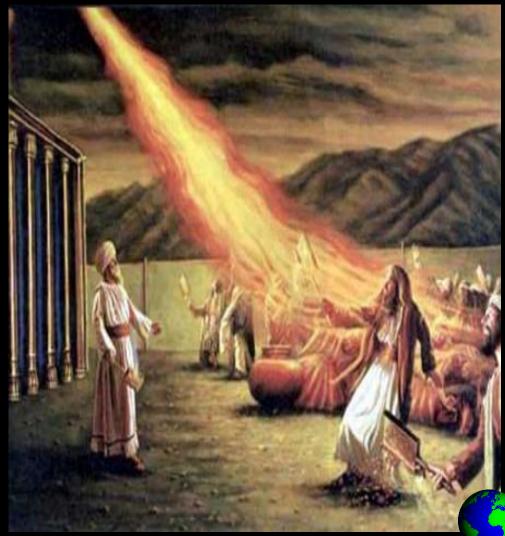

In the Book. LEVITICUS 9-10

Introduction (cont'd)

We know what the Bible says, we know what God commands expressly in His word: "Remember the sabbath day, to keep it holy. Six days shalt thou labour, and do all thy work: But the seventh day is the sabbath of the Lord thy God: in it thou shalt not do any work, thou, nor thy son, nor thy daughter, thy manservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates: For in six days the Lord made heaven and earth, the sea, and all that in them is, and rested the seventh day: wherefore the Lord blessed the sabbath day, and hallowed it." Exodus 20:8-11

As saints of God, we are to show no partiality, just as God shows none. When the sons of Aaron were destroyed by God as a result of sin, Aaron did not murmur against God and feel sorry for himself or his sons; instead, he held his peace: "Then Moses said unto Aaron, This is it that the Lord spake, saying, I will be sanctified in them that come nigh me, and before all the people I will be glorified. And Aaron held his peace." Leviticus 10:3

Israel High Court Rules Tel Aviv stores can open Sabbath (April 2017)

"Israel's High Court of Justice today ruled that supermarkets, entertainment centres, and pharmacies would be allowed to operate in Tel Aviv on the Sabbath (Friday sunset to Saturday sunset)." - <u>https://en.globes.co.il/en/</u>

The one nation that uplifted the Lord's 7th day Sabbath, albeit apart from Christ, is now trampling upon God's holy day, as Satan continues to prepare the world to bow to the Papal beast, ready for the coming Sunday law. Little flock, while the world tramples upon the Law of Jehovah, and follows the Papacy into damnation, we must lift up the banner for the Lord and proclaim His holy day.

<u>Croatia - Catholic Church wants to ban working on Sundays</u> (March 2017)

"The Croatian Bishops' Conference (HBK) has again launched an initiative to legally forbid working on Sunday. It called on Croatian citizens to support the initiative and contribute to the preservation of Sunday in its historical meaning, as a non-working day which is an opportunity for a family reunion." - https://total-croatia-news.com/

Chairman of the German Trade Union Confederation Pushing for Sunday Rest (April 2017)

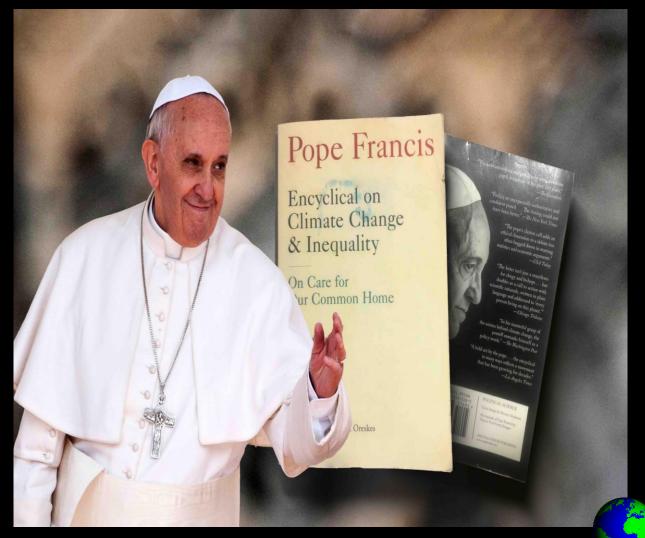

"The chairman of the German Trade Union Confederation (DGB), Reiner Hoffmann, spoke out for Sunday's rest. The DGB is very close to the churches ... Sunday must remain free of work." - https://www-paz--onlinede.

That is a very powerful force, the trade union organizations and the churches working together to bring about the Sunday rest law.

Two years after Pope Francis launched Laudato Si, the Vatican's plea to 'save the Earth', People of all faiths are unified globally to beat climate change (June 2017)

"Two years after the release of Laudato Si-and long after its intense global attention has faded-it's worth asking: is the uncompromising and unprecedented Catholic teaching document fulfilling Vatican expectations by uniting leaders of all faiths, along with their billions of congregants, to take decisive climate action 'in care for our common home'? The answer is a qualified 'yes'." - https://psmag.com/

Lawmakers in Poland approve a gradual ban on Sunday shopping after push by Catholic Church and Trade Unions (November 2017)

Poland's parliament has approved a bill that will almost completely phase out Sunday trading by 2020. The law - put forward by the ruling Law and Justice party and backed by unions and the **Catholic church** — will limit Sunday trade to two Sundays a month from March next year, and then one Sunday a month in 2019. From 2020, stores will only be allowed to open only on seven Sundays a year." - https://www.ft.com/

New Jersey Mayor says Protecting Sunday Blue Laws "will always be his number one priority" (January 2018)

"Responding to a recent opinion article by NorthJersey.com correspondent Jackie Goldschneider, the mayor said that protecting the blue laws, which prohibit shoppers from purchasing certain items on Sundays, 'has always been and will continue to be my number one priority ... As long as I am in office, the protection of our beloved blue walls will always be priority number one." - https://dailyvoice.com/

European Sunday Alliance calls on all its supporters to take action against Sunday Work (March 2018)

"The European Sunday Alliance is convinced that working on Sundays endangers the health and safety of workers as well as the social cohesion in our societies ... Only a well-protected common work-free day per week enables citizens to enjoy full participation in cultural, sports, social and religious life and allows for reconciliation. That is why the European Sunday Alliance commits itself to safeguarding a workfree Sunday." - https://www.cesi.org/

See how they are pushing this now? Don't be surprised to see Satan causing bad things to happen and linking it with not keeping Sunday as a day of rest, in order to bring about the Sunday law.

Taking Sunday Seriously - Poland 'leads the way in providing an EXAMPLE TO AMERICA' (April 2018)

"Sunday has just become a little less busy in Poland, thanks to a new law banning most commercial shopping that took effect in March. And Poland's move, which bucks the prevailing trend in secularized countries toward an ever-more commercialized Sunday, could provide a constructive example for the United States, where the network of state 'blue laws' that once restricted Sunday business activities has been substantially reduced." https://www.ncregister.com/

Poland leading the way and providing an example to America? We know what that means right? Sunday laws are coming!

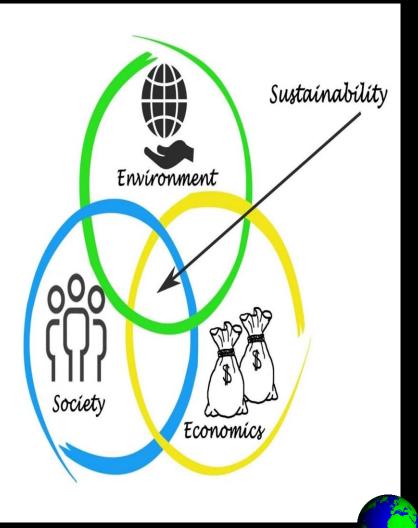

How Europeans are fighting back against Sunday trading (May 2018) "Changes to the law have made it harder than ever for ordinary **Catholics to honour Sunday's day** of rest. But there is hope **Populist movements across Europe** have begun to push back ... Only those who recognise that the common good concerns a man's soul can explain why we should legislate rest on Sunday." https://catholicherald.co.uk/

Why Sunday Is the Most Important Day of the Week for Your Wellbeing (June 2018)

"Your business will benefit when you prioritize time for yourself and the important people in your life ... Former emergency-room physician and author Matthew Sleeth explained the importance of taking a day of rest in a recent interview with CNN. 'For almost 2,000 years,' Sleeth said, 'Western culture stopped -- primarily on Sunday -- for about 24 hours ... Sunday is prime social time ... Sunday is the perfect day for self care ... Sunday gives you a jump on planning ... Reclaim Sunday as a day of rest in your 24/7 world." - https://www.entrepreneur.com/

Can you see how Satan is pushing the Sunday issue today? It's not just a 'religious' issue anymore. It's also being pushed now as a social issue, and one that will affect society as a whole, whether it's business, religion, family, or nature. And this issue has gathered more momentum since the pope's encyclical on the climate. Showing that the world is truly 'wondering after the beast' (Revelation 13:3).

New Italian Government plans to put Ban on Sunday shopping (September 2018)

"The new Italian government will introduce a ban on Sunday shopping in large commercial centres before the end of the year as it seeks to defend family traditions, **Deputy Prime Minister Luigi Di Maio said** on Sunday. In a bid to spur economic growth, the then Italian Prime Minister Mario Monti liberalised Sunday trading in 2012, despite pressure from the Roman Catholic Church and unions who said the country needed to keep its traditional day of rest ... Earlier this year, Poland restricted Sunday shopping as the conservative government in Warsaw pushed ahead with what it said was a return to Roman Catholic values." - https://www.reuters.com/

Author, Economist and Religious Scholar, Dr.David Smadja calls for an INTERNATIONAL WEEKLY DAY OF REST to Combat 'climate change' (November 2018)

"Dr. Smadja's daring plan calls for an international day of rest (about 53 days per year) plus approximately 15 'holidays' where cumulatively there would be a cessation of all productive activity for approximately 70 days, or about 20percent of the year. These days of 'non-activity' would help achieve the shared goal outlined in the Paris Climate Conference (COP21) of a 20 percent reduction of pollution globally by 2050, with the aim of keeping global warming below 2 degrees C ... This frantic race to go faster and faster makes us forget essential things, such as loving ourselves. forget essential things, such as loving ourselves, others and also our earth ... the result is a global disaster, whose ecological impact is more and more obvious. A Sabbath for ourselves, our industry and our environment is a corrective to these failures." https://ceoworld.biz/

Sunday Should be Made a Rest Day with Family says Malaysian Minister (January 2020)

<u>Jewish Scholar calls for a 'Weekly Day of Rest'</u> to 'Combat Climate Change' (February 2020)

"Imagine if most of the world's monotheists, those who come from traditions that profess to observe a weekly Sabbath, along with anyone else who cared to, chose for one day out of seven to essentially eliminate their own harm to the environment on a consistent basis. This could prove to be the one of the cheapest environmental solutions at humanity's disposal... I am calling for flexible but maximal observance of a weekly day of rest, whether it is Saturday, Sunday, or Friday for different people or in different places." https://www.tabletmag.com/

and in our relationship with the Lord?" asks Lynch. "It's because our culture says it's OK. Our culture has redefined what Sunday should look like."

Steps Have Been Taken To Enforce The MARK

The mark of the beast is about to be enforced, and there are some things the Bible reveals must transpire first to make its enforcement possible. And so, the best way for the powers that be can get this done is to make as many of these necessary changes at the same time in society and especially the courts, that way when it's all looked upon by the general population who seem concerned at how crazy the world has gotten, and especially by those in the church who some wisdom regarding end time signs, the amount of changes will be so overwhelming and confusing to them that even many watchmen on the wall are having a hard time lining up the events so as to make sense of it all. Plus, the insanity of society is such a mess right now that trying to pin point any one event is difficult so as to see the big picture. As the old saying goes, they cannot see the forest because of all the trees blocking their view.

The State of Churches Today

Signs Of The End No Longer Preached:

As declared quite often in the Bible, the only way to understand prophecy is to obey the God that wrote it. But since the grand majority of the pastors and preachers have decided to "wonder after the beast" so as to keep the people in the pews that prefer the "smooth things" of the beast's apostate theology be it doctrinal or prophetic so as to calm their fears that the end is near. None of these churches preach any of the prophecies that have been confirmed fulfilled in both historic record as well as modern day.

Evolution Embraced:

Since the end times have already started, the means by which to take the Creator God out of the equation of life had to be promoted, embraced and sustained. Therefore a man named Charles Darwin was called by the dying god of this world to invent evolution without a single shred of evidence to back any of his contrived hypotheses up. Worse yet, since the powers that be were chomping at the bit to help him promote this lie all along so as to cultivate a godless culture, they clearly ganged up against biblical truth and created a smear campaign against the Word of God by pushing this lie in bought and paid for scientific circles as well as literal school books so as to brain wash every child sitting in government schools. And the Popes have gone so far as to repeat and even preach this lie for Darwin in Catholic churches! And this is all besides the fact that creationism is actually back by rock hard scientific fact using modern day methods of science that literally prove all that was declared to happen in creation week did happen.

The State of Churches Today (cont'd) IMAGE OF THE BEAST CREATED:

Since the pastors cannot understand prophecy, they were destined to miss one easily seen prophecy that when studied up can be discerned by even a babe in Christ. Without realizing it all the churches have agreed (in writing) to work together with big government to create an image of the beast system in Rome who was instrumental in removing the separation of church & state by political suppression so as to cultivate the desire by all the preachers of filthy lucre (money) to see the need to join the church with the state granting them the absolute power prophecy says they must have in order to be able to control every citizen on earth. This system was lobbied and agreed upon first in the USA back in 1954 by then Senator Lyndon B. Johnson in BILL #501c3, but it was not made into official binding law until December 02, 2017 when President Trump signed it into law on the true Sabbath of the Bible in open and defiant mockery towards the Creator God and His never changing eternal Law.

Churches Probation Closed:

Due to rampant disobedience, and as prophesied, probation has closed on all the churches that have joined with Papal Rome. No, I am not saying it has closed on the individual Christians yet as they still have a chance to obey the prophesied command of Revelation 18:4 that says unto the Christians who love the Lord that are still in those fallen churches to "Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues." As we now know, the seven last plagues are very soon to come now that everything else has almost come to fulfilment that was to be fulfilled by this time with very few events left to occur, and their foundations have been set in stone. **THEY WILL HAPPEN! All serious Christians need** to get out of those churches right now, for they are no longer protected or even guided by God.

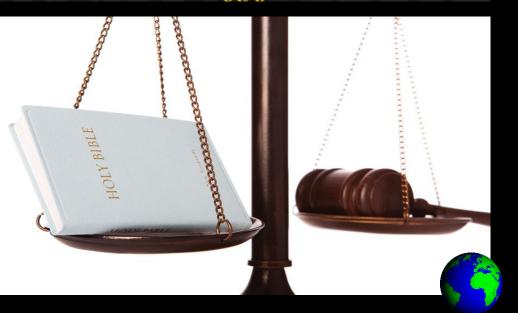

He shows us that when His people are found in sin they should at once take decided measures to put that sin from them, that His frown may not rest upon them all. But if the sins of the people are passed over by those in responsible positions, His frown will be upon them, and the people of God, as a body, will be held responsible for those sins. $\{3T 265.1\}$

RELIGIOUS LAWS:

Again, due to the fact all the pastors can no longer understand prophecy because of their blatant disobedience; they not only see no danger in the religious laws that are based on Roman Catholicism being discussed and even passed in all nations, these same apostate leaders either refuse to warn others of these prophesied events towards religious laws, some of them even promote them from their very own pulpits. RELIGIOUS LAWS AND Freedom of Religion In the United States

JEWISH HALACHA, MUSLIM SHARIA, AND ROMAN CATHOLIC CANON LAW

RE-DEFINE JESUS:

Now that most Christian churches embrace everything from Roman Paganism and beliefs found only in what the Bible would describe as a cult, all the churches that "wonder after" this globally accepted Papal Roma will be taught to believe it is holy. Once done the version of "Jesus" that is promoted by this prophesied Papal Rome will be taught in a way that makes sin appear acceptable and Christian morals appear old-fashioned and even dangerous. In fact, back in 1994 the Vatican literally stated in writing that the Scriptures are dangerous. And so a "new and improved" version of Jesus was promoted. Therefore when Satan appears claiming to be Jesus, for most that have been taught about "another Jesus" will truly believe he is Jesus! - Vatican Condemns Literal Interpretation of the Bible, The Star, 1994 Manila, Philippines

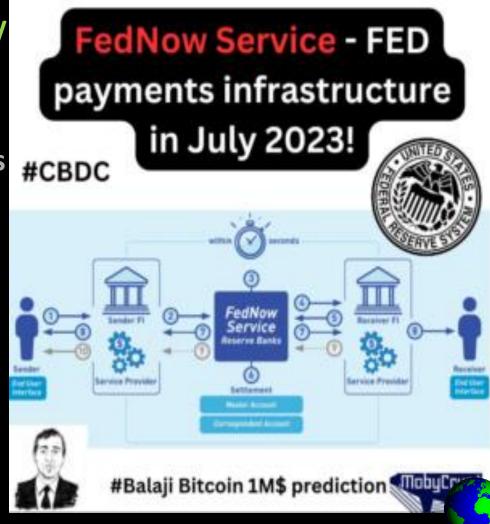

The Governments Today

REMOVE ACCESS TO CASH:

This is something that has been in the works since early on when the end times began. The government needs to remove cash and replace it with a digital dollar that can be turned off with the flick of a switch upon those refusing to comply. All in the USA watched as we went from the gold standard to dollar based on debt. And it's no mistake after the mortal wound of the Pope started to heal that the stock market crashed in 1929/30. Soon after writing checks became the norm; next credit cards, then debit cards and very and I mean VERY soon the dollar will be 100% digital. And to further lock down the ability to prevent buying and selling as well as the tracking of all items bought and sold, the bar code is now seen on absolutely every item from candy bars to cars. And if you're regularly watching news you know that at the very start of the month and on the true Sabbath of the Lord no less, on April 01, 2023 the United States Dollar officially went digital and will be rolled out permanently in most banks by late July.

REMOVE FREE SPEECH FROM CHRISTIANS:

Now that most of what's needed to enforce the mark, the governments next need to remove free speech from the obedient remnant Christians they know will be used of God to warn everyone about all that's happening in regards to the mark. Since all the apostate pastors signed unto the 501c3 contract, the state has now forced the churches to do this by simply threatening them with the removal of their 501c3 tax exempt status if they preach against the prophesied homosexual agenda of the Pope as well as anti-Christian laws that have been passed. And have you noticed? Whenever an obedient Christian uses the Bible to warn the people about such things, the prophetic statement of 2 Peter 2:2 is seen fulfilled that says "the way of truth shall be evil spoken of." All this is done to test new ways to stop the final message of the Loud Cry that causes many Christians to leave the fallen churches when they hear the call to "Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues." (Revelation 18:4)

GUILLOTINES

Large numbers of guillotines may have to be ready so as to use fear to enforce the mark. Not only are guillotines a "legalized" method to kill in the courts as a legal option for death row inmates, soon possibly these guillotines will be used on anyone they deem a threat. <u>An Example is</u>:

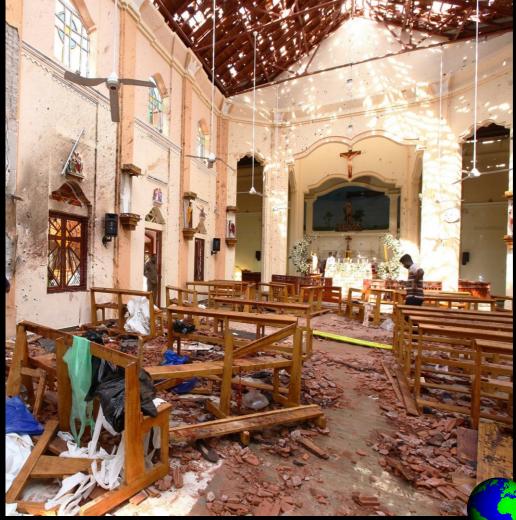

Georgia House of Representatives -1995/1996 Sessions HB 1274 - Death penalty; guillotine provisions Code Sections - 17-10-38/ 17-10-44

CHRISTIAN PERSECUTION:

Yes, Christian persecution has been the norm for 2000 years. Just about everyone knows how Satan used the Vatican to kill over 500,000,000 Christians during what Jesus called the "great tribulation" that was to last exactly 1260 years. But as we know, it is prophesied to get far worse in the last days. But lately, not only has persecution against God's people been escalating in many countries; politics and some News channels have increased the rhetoric against Christians wherein talking points have begun with an obvious mind-set towards normalizing hatred of Christians within the hearts of all citizens.

BRAIN WASH SCHOOL CHILDREN:

Since the Bible says in Proverbs 22:6 that parents must "Train up a child in the way he should go: and when he is old, he will not depart from it." The powers that be have created a network of physical and spiritual attacks on children in all the schools, public and private so as to ready them to have a feverish anti-Christian mind-set designed to make enforcing the mark of the beast appear as their duty towards a peaceful society. Everything from indoctrinating the children towards an Atheistic mind-set to embracing homosexuality, transgenderism as well as racism and hatred towards Christians is now the lesson plans of many schools.

CULTIVATE CRIME AND VIOLENCE IN CITIES:

Fear has always been a major method of control for thousands of years. Satan knows how easy some people will do as he commands so as to gain a semblance of peace or even to allow some normality in life no matter how many rights are taken away getting there. Therefore, before he is able to enforce his method of worship or "mark" as the Bible calls it, he will have to cultivate fear directly before Christ returns. As prophesied in Ezekiel 7:23, in the last days it says that "the land is full of bloody crimes, and the city is full of violence." Just the last few years alone in the USA proves this prophecy fulfilled. But were to aware it's gone global and it is literally off the chart now in most major cities?

GLOBAL ID CARD:

With a cashless society it makes it much more advisable to digitize not just the cash as I mentioned earlier, they also have to digitize the population as well so as to link each individual into the digital banking system and Social services so as to have the power to control every dime spent or gained. That way when the first phase of the mark of the beast is enforced, which is the government's plan to prevent buying and selling of every soul on earth that refuses to keep Sunday rest (holy); flicking a switch at a cash register, in a bank, or even when someone seeks to pay a bill using a cell-phone will allow to prevent buying and selling worldwide with childlike ease.

The Stage is set for Sunday Law

Please do not become complacent in your faith, merely waiting for the Sunday law to be enforced. We NEED to have a DAILY relationship with Jesus Christ in order to get through the time of trouble that is coming. Are you living for Christ everyday?

Revelation 12:11 ... 'And they overcame him by the blood of the lamb, and by the word of their testimony; and they loved not their lives unto death.' ... These are powerful words and they describe the TRUE people of God. Who are they? They are the ones who trust in the blood of Jesus, and by the word of their testimony, SHOW that their lives were totally devoted to God. And as Revelation 14:12 says, they (the saints) are the ones who keep the faith OF Jésus. They don't just have faith 'IN' Jesus, they keep the faith OF Christ. In other words, the faith, character and life of Jesus is actively being LIVED OUT in their lives. Does this describe you? Are you covered by CHRIST AND HIS RIGHTEOUSNESS?

Conclusion and Appeal

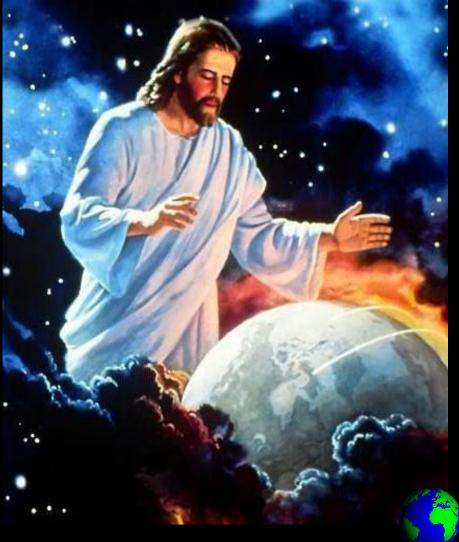

God does not show partiality, and is not a respecter of persons. (Acts 10:34 "...Of a truth I perceive that God is no respecter of persons.") How much more should we, who were not a people at first, but have been grafted in to the family of God, take heed to His word and commandments.

"Ye therefore, beloved, seeing ye know these things before, beware lest ye also, being led away with the error of the wicked, fall from your own steadfastness. 2 Peter 3:17

Does God enjoy when his creation chooses to sin and dies in result? Of course not, our Father in heaven is not a tyrant.

Ezekiel 18:32 "For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourselves, and live ye."

Does God want His creation to perish? Of course not, God wants and desires that ALL come to repentance and to be saved. But being that He is the definition of love itself, He gave us freewill to chose Him or reject Him. 1 John 4:8 "He that loveth not knoweth not God; for God is love."
